THE PROGRAM

Transformations is a residential program for the treatment of drug and alcohol dependency, depression, eating disorders and other life altering conditions.

The Transformations Program targets specific needs by introducing group sessions and practical teaching on issues such as: conflict resolution, communication skills, identity & self-worth, life skills, literacy & numeracy, work place ethics, discipline and boundary setting.

We are a client-centered, long-term, drug-free residential therapeutic community which operates within a structured, safe and supportive environment which adopts an abstinence approach.

At Transformations the residents are highly involved in working with each other, on each other, and taking responsibility for charting their own progress.

We aim to support the resident while they address issues associated with their addiction whilst helping them to discover why their lives have become unmanageable. This is done with a holistic approach where we help them address their social, physical, emotional, and spiritual needs.

WHAT DOES IT COST?

\$480 per fortnight for Newstart Allowance

\$430 per fortnight for Youth Allowance

\$650 per fortnight for Disability Support Pension (DSP)

If you are eligible for Centrelink payments, you may be eligible for Pharmaceutical Benefits and Rent Assistance.

Residents must provide the above program fees and a bond of \$50 upon entry.
